

Parameter for supplying the materials:

The below lists are mandatory requirements for awarding in supplying the materials.

1. The winner selected must provide the Installation, Introduction, training and manual preparation service at Gambella University.
2. Due to it's complexity and bulkiness of the procurement, a company supplying more than 75% of the materials will be selected and do provide the above stated consultancy service.
3. If all suppliers are not capable to deliver at least 75% of the materials, the one who offered to supply more materials will be selected.
4. If all suppliers are capable to deliver more than 75% or all of the materials, the evaluation will be based on the price offered and the winner is expected to deliver the materials together with the consultancy service required stated above.
5. Price will be evaluated from 70 % and Delivery time from 30%.

Note: Original and quality materials are needed. Fair prices are appreciated according to the market condition and it will have impact in the decision. The winner is expected to provide up to 10 pcs of samples from selected materials to check the materials quality.
